

## How to Make Your Peacemaker Puppet

You will need:

Crayons  
A pair of scissors  
Glue  
A large cardboard box

1. Colour in Puppet.
2. Cut out Puppet.
3. Attach wool legs to the back of the puppet, lining up the wool with dotted line B. Then fold back card along line A and glue.
4. Fold back tab on head along line C. Glue from line C to line D, leaving remainder of tab free.
5. Remove one side of a cardboard box to make your puppet theatre. Attach Fishing Line to one side of the box and thread the line through a hole in the box on the other side of the box in the same position. This will form a "washing line" on which to hang your puppet. Hang your puppet on the line using the tab on the back of its head.

### **MAKE YOUR PUPPET DANCE!**

Simply pull the line down and then release it quickly and your puppet will dance! The line won't be visible - your puppet will appear to be dancing by itself!
