The Wonderland Adventures of Alice

Adapted from Lewis Carroll by Simon Corble

A watch, a funny watch, tells the day but not the time. Three playing cards, busy painting flowers red. A door, no house, just a door, stands alone in the middle of the forest. Opened by a frog-footman, all hell breaks loose... Baby crying, cook screaming, pans bashing, duchess singing, cat howling. The frog-footman shuts the door... all is silent. Join London Bubble, on an outdoor promenade in WONDERLAND and celebrate this delicious summer spectacular with an array of absurdly comic characters and fabulous costumes. Nine stages and nine performers evoke the surreal wit and wild energy of one of Victorian England's most fascinating minds. As dusk falls, a feast of pyrotechnics, special effects and live music will create WONDERLAND in the natural beauty of some of London's finest parks.
